Adhesion: (acc. AFERA 5001, 24h contact)	15 N / 25mm
Appl. temperature:	> +15°C
Temperature resistance:	from -40°C to +80°C
Width of roll:	104 cm, 130 cm
Length of roll:	50 meters
Anti-Slip property:	R 10 acc. DIN 51130 and BGR 181

### Description:

FLOGRA is a special laminate for the guarding of prints for floor advertising. The structured surface of the film assures the anti-slip protection (R10).

This product is especially made for indoor-use. Using edge protection it is qualified for outdoor-use up to one year.

The permanent glue has been developed extra for laminating films. It could be used for cold lamination. Due to this the glue has excellent protection against humidity, aging and solvents. Materials equipped with this adhesive film can be repositioned on most surfaces.

### Typical Applications:

Finishing floor advertising.

Because of the great number of potential influences at object time and applinace of the above-mentioned materials, on which we have no bearing, test prints have to be effected by the user himself. A legally binding warranty can not be deduced from our specifications. Every liability and warranty that goes beyond the warranty of the product amounting to the product's value as well as entitlements to damages are excluded.
