Solvent:	yes
UV-curable:	yes
Latex:	yes

Description:

EMBLEM SOCA is a semimatt cotton polyester canvas. It can be printed with solvent and ECOSolvent inks. With this ink, it is possible to achieve waterproof prints.

The special coating supports the main application of art reproduction. The prints produce excellent brilliancy and contrasts. The fabric remains in the focus. It shows a very short drying time and has a good inkfixation.

The material is sewable and can be stretched over borders.

To avoid fingerprints it is advisable to wear cotton gloves.

Typical applications:

Reproduction, Stagedecoration, Shopfitting

Small print

Because of the great number of potential influences at object time and applinace of the above-mentioned materials, on which we have no bearing, test prints have to be effected by the user himself. A legally binding warranty can not be deduced from our specifications. Every liability and warranty that goes beyond the warranty of the product amounting to the product's value as well as entitlements to damages are excluded.
