Width ofRolls:	30" / 42" / 54" / 60" / 64"
Length of Rolls:	30 meters
BubbleJet Dye:	no
BubbleJet Pigment:	no
Piezo Dye:	no
Piezo Pigment:	no
Piezo Oil:	no
Piezo Eco Solvent:	yes
Piezo Solvent:	yes
Flame retardant:	no

Description:

EMBLEM SOGLPP is a special coated, waterresitant paper for digital printing with solvent and eco-solvent inks.

The main field of application for this paper is the production of posters and boards for indoor and outdoor applications.

The drying time depends on the load of ink. Based on the special coating it is possible to achive brillant and intensive colours with reduced ink- quantity. This will save money and reduces the drying time.

For outdoor-applications which have to last more than 10 to 12 weeks lamiantion is needed. Before laminati-on the prints have to be dried and fumigated comple-tely otherwise there is the risks of bubbles between the media and the lamiantionfilm.

To avoid fingerprints the use of cotton-gloves is advisable.
